SUMMER

For Summer 2014 we hit the highway with laid-back favorites that capture the relaxed discovery of a coastal road trip.

From the moment you embark, the casual vibe and easy pace lets you know you're on Pacific time. All we need for the journey home? A hold-it-all bag, the perfect light jacket or timeless timepiece—each is crafted with a nod to both fun and function. Effortless?

For certain. Adventurous? To be sure. After all, it's not just where you're going, it's how good a time you have getting there.

NEWNESS

PACIFIC BLUE

Dive into the color of summer: clear blue in all its iterations. From deepest azure to breezy turquoise, blue adds a refreshing finish to Fossil watches, clothing and accessories, with neutral accents as a perfect palette cleanser.

GRAB & GO

Life is better when you get your kicks on --or off--Route 66. Whether or not the great American road trip is on your agenda, creative, colorful accessories are most definitely on the horizon. Fill a hold-everything bag with your favorite fun items in a spectrum of spectacular hues, assuring you'll arrive in style.

MODERN MUST HAVES

Our favorite designs? Bag, bracelet or watch, they're always timely and time-honored. The essentials for the season are created with Fossil's modern vintage aesthetic in mind, but we promise you'll wear them all throughout Summer 2014 and beyond.

GEORGIA

It's all about signature style. Georgia was designed around Fossil's signature D-Ring shaped hardware. This element allows Georgia to combine modern and vintage details—for a look that is cool and casual on a soft leather strap, or jewelry-inspired chic on a shiny bangle bracelet.

GRANT

A classic watch is always in style. Our Grant collection has a time-honored design, but we've updated it with modern Roman numeral markers and used materials like stainless steel and soft leather. The result? A timepiece you'll wear for years to come.
