FALL 2014

BY THE SEA

Function-driven designs rooted in simplicity and refinement that will last through journey after journey.

Skagen's distinct collections honor Danish design by achieving elegance through simplicity. Combining the inspiration of timeless Danish craftsmanship with thoughtful innovation, we've created honest, high-quality products that are both functional and elegant. Our design philosophy offers an escape from complexity, encouraging thought and reflection. In a fast-paced world, we invite you to come in and stay.

HONEST

"Beauty without honesty is like a rose without perfume." —
Scandinavian proverb

Our designs mean nothing without trust. Our community must trust us — our workmanship, our story, and our communication with the outside world. Through honesty, openness, and simplicity, we demonstrate that we have nothing to hide. We provide high-quality products and an authentic Scandinavian experience that enhances the lives of our community members.

WARM

Hygge is an integral part of Danish and Scandinavian culture. While it's hard to define, *hygge* suggests hospitality, family, friends, laughter, community, and sharing. We set *hygge* as an ideal to strive for through our brand, our communications, and our stores, earning the trust of new friends through a warm welcome.

INTENTIONAL

At Skagen, we take inspiration from the purposefulness of nature. In creating our products, we are thoughtful, attentive to detail, and true to function. By achieving elegance through simplicity and skilled craftsmanship, we honor the Scandinavian tradition of function-oriented thinking and nature's purposeful beauty.

INSPIRING

We champion the village of Skagen, Denmark, as a place of natural beauty, with a great history, and a unique way of life. Through our brand, we offer the inspiration of Scandinavian culture and design to those facing a world of growing complexity. Through thoughtful stories, excellent product design, and great merchandising, we surprise, delight, and entertain.

ACCESSIBLE

We have equal relationships with each other and our community. We are not elitist or exclusive, and our community feels that we are approachable. When they engage with us, they are rewarded with a sense of inclusion and a high level of value. They are receiving more than product: They become a member of a community and part of Skagen.

SEA GLASS

We were inspired by the bits of glass polished by years of tumbling in the sea to create the soft, frosted looks of our Sea Glass collection.
